### **2019-2020 Parking Permit Applicant Information**

#### *New for 2019*

Great news! With the exception of motorcycle/scooter parking permits, all parking permits are now recorded *electronically* against your listed license plate number(s); no hard copy permit will be issued and one need not be displayed.

Motorcycles and scooters will continue to receive a decal, which must be displayed.

When applying for a permit, be sure to accurately list your license plate number(s), as electronic enforcement relies on making a match between your physical license plate and the one associated with your permit.

#### *General Information*

- Be sure to complete your [Permit Application](#) in full, submit the necessary documents, and remit a check for the proper fee, made payable to "The Village of Scarsdale." Fees are listed on the application – payable by personal check, only, whether by mail or in-person.
- Be sure to review the [Parking Permit Terms and Conditions](#).
- Mark your business size mailing envelope with the type of parking permit being sought.
- No permits automatically renew from the prior year.
