Parking Pay by Phone App is finally here!

The Village of Scarsdale is pleased to announce that Pango, the parking pay by phone app, is finally here! Pango launched in the Village of Scarsdale on Wednesday, June 19, 2019, with 6% of motorists paying for parking through Pango on the first day. This percentage has exceeded expectations.

Parking meters in the Village Center are now furnished with decals and signage informing motorists of their parking zone and the steps to follow to pay by phone. The Village continues to encourage motorists to download the Pango app and set up an account prior to visiting the Village Center. There is also a Pango customer care call center (1-877-697-2646) available to assist motorists should issues arise. It is recommended that motorists program the call center number in their phone for future use.

Pango allows customers to manage their parking experience on the pay by phone app via their mobile phone or on the Pango website <http://www.mypango.com>. More specifically, customers can make profile changes, add or delete vehicle information and review parking history. The parking app also provides various ways to pay for parking such as Pango Wallet supported by PayPal, Venmo, and credit card.

Pango is used in a number of communities in Westchester making implementation of Pango a more convenient and efficient parking alternative for residents and Village center patrons not just in Scarsdale but regionally as well.
