

# Safe Tennis Guidelines

- **No handwashing available – bring sanitizer/wipes.**
- **No doubles play – singles, only.**
- **Maintain six feet separation from others at all times.**
- **Avoid physical contact, e.g., hand shaking and high-fives.**
- **Avoid touching your face unless you've sanitized first.**
- **Avoid sharing food, drinks, or towels.**
- **Minimize tennis ball handling.**
- **Use your foot or racquet to return an errant ball.**
- **Consider having each player handle only the balls that s/he brings to the court; different colors may help.**

***Thanks for helping to keep tennis safe!***
