Parking Permit Expiration Dates Extended to September 30, 2020

Village of Scarsdale parking permits deliver great value by offering a range of parking alternatives for residents and others. However, amidst the COVID-19 pandemic, we realize that our permit holders have not received full value for their investment due to restrictions imposed by the State of New York in order to slow the spread of COVID-19.

As a result, we have decided to extend the expiration date for all parking permits to September 30, 2020. New parking permit sales will begin on September 01 and will become valid on October 01. Additional information will be made available as the dates get closer.

As you may be aware, Governor Cuomo announced that the Mid-Hudson Region, which includes Westchester County, has met the metrics to advance to [Phase I Reopening](#). Although NYC has not been authorized to advance to Phase I reopening, we remain hopeful that they will continue to make progress in achieving the necessary reopening metrics.

With our local businesses beginning to reopen, parking demands will begin to ramp-up. Once our commuter demand returns, all permit holders will once again realize the full value of their permit investments. As we enter Phase I Reopening, be sure to adhere to posted parking restrictions in order to maximize parking availability for all users.

Finally, we are pleased to be able to offer the extended expiration date to all of our permit holders. Additionally, we look forward to seeing more activity in all our areas of commerce. All residents are strongly encouraged to support our local businesses – they really need your help as they pivot from COVID-19 to reopening.

Questions may be directed to the Village Clerk's Office by phone at 914.722.1175 or by email using clerk@scarsdale.com.
