Curbside Food Scrap Pickup Restarts June 22

Great news, Scarsdale – curbside food scrap pickup resumes on Monday, June 22!

If you are already a [Food Scrap Recycling Program](#) participant, no additional steps are needed; simply put your food scrap bin to the curb by 7:00 AM on your [usual pickup date](#), either Monday or Tuesday.

New participants are encouraged to [sign-up online](#) today – the curbside program makes it easy! Need supplies? We make that easy, too – one may purchase food scrap composting supplies [online](#), including starter kits and more (select the Composting – Sanitation tab). Orders are available for next day contactless pick-up at the Recycling Center. Need more info? Visit the [Food Scrap Recycling/Composting](#) webpage.

The Recycling Center food scrap drop-off site, located at 110 Secor Road, remains open Monday through Saturday, from 8:00 AM to 3:00 PM. Thank you for practicing social distancing when using the drop-off site.

Scarsdale's food scrap recycling program launched in January 2017 as the first municipal program of its kind in Westchester. Scarsdale residents have since recycled over one million pounds of food scraps, ultimately which were naturally converted into soil and returned to the earth. Our program has served as a model for other Westchester communities and there are now 20 other municipalities that have launched similar food scrap recycling programs.

This program is one of many sustainability initiatives the Village has implemented to demonstrate sound environmental stewardship.
