Scarsdale Pool Complex Reopens: Residents Still without Power Free-of-Charge

Power was restored to the Scarsdale Pool Complex and the facility yesterday and the Complex will be open to pool members today at 12:00 noon. In addition, if you are a Scarsdale resident without electricity at your home and have not yet become a Pool Member, the Village is waiving the fee for you to enter the pool for the remaining duration of your power outage.

In order to gain no-charge admission, proof of residency *must* be provided, including youth.

In order to promote the safety and enjoyment of all visitors to the Pool Complex, a [COVID-19 Operating Plan](#) is presently in-place. Please review the document before heading to the pool.

As you will note, there is a mandatory health screening as patrons enter. A face covering is required upon entry and at any time you are unable to maintain social distancing within the complex.

All pools will be open and electronic device charging stations will be available. The food concession will also be operating.

Please also note that the pool is subject to occupancy limits. Pool Members receive electronic notifications when the complex is approaching the occupancy limit. However, we have not reached the occupancy limit so far this season, so we do not anticipate a problem in that regard. If you are a non-member resident heading to the pool, feel free to check occupancy status by calling ahead.

If you're not presently a Scarsdale Pool Member, [sign-up today!](#)
