School Tax Bill Printing Error

Due to an error in the School Tax Bill printing system, which *does not* impact the integrity of the underlying property tax database, only the two pink payment coupons on the recently mailed School Tax bills reflect the correct School Taxes owed.

Please refer to the “Tax Amount Due” on each pink coupon for the correct amount to pay.

Importantly, due to the printing error, fields in the white summary portion of the tax bill containing assessed valuation and total tax information are not accurate. Again, the underlying property tax database’s integrity was not impacted by the printing system error.

Please remit only the amounts appearing in the “Tax Amount Due” on each pink coupon, which are accurate and based on a property’s correct assessed value.

Taxpayers wishing to verify the correct assessed value and tax information for their property may do so online using the [Property Inquiry](#).
