02:06:52.380 --> 02:06:53.010

Village Manager Pappalardo: Thank you, Mayor

767

02:06:53.640 --> 02:07:02.460

Mayor Samwick: Sure. Now entrepreneurs comments. There are a number of topics I'd like to cover in this evenings mayor's comments. First, and most importantly,

768

02:07:03.300 --> 02:07:08.130

Mayor Samwick: As many know there has been a pedestrian fatality on Wednesday morning of last week in the village.

769

02:07:08.880 --> 02:07:28.470

Mayor Samwick: Beverly Samuels 79 years old was struck by a vehicle while walking on crane wrote your church lane and died as a result of her injuries. Our community is deeply saddened by this tragedy and our hearts

go out to them as Samuels family and friends. This is not the way life should end

770

02:07:30.360 --> 02:07:36.570

Mayor Samwick: As a village, we must redouble our efforts to move in the direction of safer roads for all users.

771

02:07:37.680 --> 02:07:44.190

Mayor Samwick: As many no traffic safety as a top priority in the village board are adopting fiscal year 2021 budget.

772

02:07:44.970 --> 02:07:55.380

Mayor Samwick: Included funding to initiate pilot projects to evaluate the effectiveness of traffic calming and other strategies which might then be expanded to other areas of the village.

773

02:07:56.310 --> 02:08:14.910

Mayor Samwick: However, as the global pandemic settled on New York, we were forced to adopt stringent financial measures to control spending and conserve our resources, resulting in many plan projects being placed on hold, including the proposed engineering studies necessary to establish pilot corners.

774

02:08:16.080 --> 02:08:30.840

Mayor Samwick: Amidst the continuing pandemic anecdotal observation tells us there are fewer cars on the roadway and more pedestrians and bicyclists though vehicular traffic appears to be on the rebound potentially leading to increased conflicts.

775

02:08:32.610 --> 02:08:43.020

Mayor Samwick: In addition to the pilot projects placed on hold the village has requested authority through the New York State Assembly to reduce the village wide speed limit to 25 miles per hour.

776

02:08:44.130 --> 02:08:55.800

Mayor Samwick: But that is not enough, our traffic safety committee comprised of public safety and engineering staff continues to evaluate identified locations for opportunities to reduce traffic speeds.

777

02:08:56.100 --> 02:09:07.530

Mayor Samwick: vehicular and pedestrian conflicts across walks and eliminate visual obstructions creating hazards and for all users and more, but that too is not enough.

778

02:09:08.790 --> 02:09:13.560

Mayor Samwick: Scarsdale community and Village Board hunger for meaningful change in the status quo.

779

02:09:14.670 --> 02:09:26.910

Mayor Samwick: Miss Samuels untimely death is a harsh reminder that we must do more as a municipal government as an elected body representing Scarsdale residents and as a community.

780

02:09:28.110 --> 02:09:39.870

Mayor Samwick: As individuals. Please remain diligent in your efforts to drive safely don't speed come to a complete stop and don't slow roll through stop signs.

781

02:09:40.800 --> 02:09:50.160

Mayor Samwick: Be sure to stop for pedestrians trying to cross the road and be particularly cognizant of the potential for encountering a pedestrian or cyclist to be on the roadway.

782

02:09:51.180 --> 02:09:56.670

Mayor Samwick: Allowing adequate space between you and the vehicle ahead to see a person or cyclist in time.

783

02:09:58.170 --> 02:10:01.590

Mayor Samwick: To make sure that you can maneuver such that you're able to pass safely.

784

02:10:02.820 --> 02:10:11.040

Mayor Samwick: As pedestrians and cyclists, please do your part to be safe when navigating about the community. Use the sidewalk when one is available.

785

02:10:11.790 --> 02:10:19.050

Mayor Samwick: Bike should ride with traffic while pedestrians walking on the side on the street surface should walk facing oncoming traffic.

786

02:10:19.500 --> 02:10:32.910

Mayor Samwick: In order to monitor approaching vehicles and take any necessary evasive action that's a statement worth repeating. In order to monitor approaching vehicles and take any necessary innovation that base of action.

787

02:10:34.560 --> 02:10:44.490

Mayor Samwick: The observation that we must caution people of all ages and abilities of the potential that they need to take evasive action is telling them to itself.

788

02:10:45.630 --> 02:10:51.990

Mayor Samwick: It tells us that our roadways need to be safer for all users accordingly.

789

02:10:52.860 --> 02:11:04.590

Mayor Samwick: I've asked the village manager to obtain quotes from traffic engineers to study traffic calming measures in areas where data indicates the highest priority for enhanced pedestrian and bicycle safety measures.

790

02:11:05.550 --> 02:11:22.380

Mayor Samwick: taking the first steps toward roadway safety for all users is the most meaningful action, each of us can take individually and collectively to honor this Samuels life additional updates will be provided on traffic safety as they become available.

791

02:11:23.580 --> 02:11:31.860

Mayor Samwick: Now switching to a covert 19 update as responsible citizens we share an obligation to help reduce the spread of covert 19

792

02:11:32.430 --> 02:11:44.520

Mayor Samwick: We must continue to maintain village maintain our villages vigilance in adhering to public health guidance and legal mandates. So, is to avert a local resurgence of the disease.

793

02:11:45.330 --> 02:11:54.930

Mayor Samwick: Recent news about the appearance of transition transmission hotspots in New York serves as a stark reminder of our collective duty to continue to be attentive.

794

02:11:55.530 --> 02:12:05.010

Mayor Samwick: By making personal choices and taking necessary actions in support of the guidance and mandates that protect ourselves and others from exposure.

795

02:12:06.480 --> 02:12:18.510

Mayor Samwick: Please continue to practice social distancing comply with New York state mandates to wear a face covering in public spaces where you were unable to maintain at least six feet separation from others.

796

02:12:19.200 --> 02:12:26.130

Mayor Samwick: Wash and sanitize your hands frequently. Avoid touching your face, stay home when you are not feeling well.

797

02:12:26.850 --> 02:12:33.870

Mayor Samwick: And adhere to any applicable self quarantine mandate triggered by travel to New York from a designated state.

798

02:12:34.830 --> 02:12:47.700

Mayor Samwick: Undertaking these efforts will encourage children teens and young adults to do the same. And we reduce the likelihood that that rigorous restrictions on businesses and our daily activities may need to be reinstated.

799

02:12:48.780 --> 02:12:55.080

Mayor Samwick: We've done a great job locally. So please let's keep it up our safety remains in our hands.

804

02:13:41.550 --> 02:13:51.930

Mayor Samwick: And as published gardens for holidays, including recommendations specific the Halloween, as reported by the village manager at the previous Village Board meeting on September 22

Mayor Samwick: Manager. Did we get all of your comments in already or do you have anything else.

879

02:26:28.380 --> 02:26:29.820

Mayor Samwick: I think you're on mute. There, Steve.

880

02:26:33.180 --> 02:26:36.540

Village Manager Pappalardo: I'm sorry. Mayor, I don't have anything else tonight, but I think on the agenda, the

881

02:26:36.570 --> 02:26:39.360

Mayor Samwick: public hearings are no yeah went out of order. Okay, so look

882

02:26:39.690 --> 02:26:40.140

Village Manager Pappalardo: Okay.

883

02:26:40.260 --> 02:26:41.340

Mayor Samwick: I got bored of

884

02:26:41.700 --> 02:26:42.960

Mayor Samwick: Times already on this one.

885

02:26:43.140 --> 02:26:54.780

Mayor Samwick: Yeah, I'll hand over to trust the IRS has really been doing a phenomenal job managing things with the village center and and with all our merchants trying to

886

02:26:55.350 --> 02:27:03.990

Mayor Samwick: Be as nimble as we can with coven and help our merchants and so we trust the IRS with. We have a couple of public hearings for you to go through today.

887

02:27:04.410 --> 02:27:13.290

Trustee Arest: Thank you, Mayor very much. It's a, it's been great working on the downtown village center Task Force and just really trying to help the board.

888

02:27:13.830 --> 02:27:23.670

Trustee Arest: And the community and village staff, of course, remove red tape so that our merchants can try to recover and have a vibrant downtown village center. To the extent possible.

889

02:27:24.210 --> 02:27:35.610

Trustee Arest: So we have two public hearings, as I as I noticed at the last meeting one is amending chapter 245 of our village code entitled sidewalk cafes.

890

02:27:36.090 --> 02:27:47.880

Trustee Arest: The other is amending chapter 256 entitled street sidewalks and public places. If you had a chance, or if you haven't had a chance. There's a great memorandum and get

891

02:27:48.510 --> 02:28:00.420

Trustee Arest: On the agenda for both of these items that you can take a look. And there's a lot of information here, especially for 245 I think it might be helpful for some sidewalk cafes have have been allowed for quite some time.

892

02:28:01.110 --> 02:28:06.990

Trustee Arest: Both of these are basically just extensions of existing law for 245 as an example, our

893

02:28:07.950 --> 02:28:16.620

Trustee Arest: Assistant village manager, along with our village engineer described some of the other criteria that will be required for additional like for example a tent.

894

02:28:16.830 --> 02:28:21.390

Trustee Arest: Or maybe heaters outside now that the weather's changing its kind of a different need than in previous years.

895

02:28:21.990 --> 02:28:28.020

Trustee Arest: With a different window for for outdoor cafes and so those are all being handled by village staff and very well.

896

02:28:28.740 --> 02:28:41.640

Trustee Arest: Build engineer decile has been incredible reaching out to the permit holders already even while we're working on this obviously contingent on this passing, but just making sure that there's no lag after the expiration of the current law.

897

02:28:42.900 --> 02:28:47.160

Trustee Arest: And for. So that's for 245 that's just an extension of the sidewalk cafe.

898

02:28:48.870 --> 02:28:52.740

Trustee Arest: As the hopefully the everybody in the public remembers June 9 board meeting.

899

02:28:53.490 --> 02:29:03.120

Trustee Arest: We amended that chapter, which is titled street sidewalks in public places to allow premises operated as a retail store food service establishment or sidewalk cafe.

900

02:29:03.420 --> 02:29:13.740

Trustee Arest: Or as a non residential use occupying any ground floor street facing space permission to display their goods wares and merchandise food and beverage subject to obtaining or vocal permit.

901

02:29:14.370 --> 02:29:24.180

Trustee Arest: Prior to this, they were prohibited from displaying such items on building sidewalks. To date, and I'm just reading from the memorandum, which was, again, really great. So there's no reason to reinvent it.

902

02:29:24.600 --> 02:29:29.580

Trustee Arest: There are a total of 24 business owners who have permits and may avail themselves of displaying their goods.

903

02:29:29.910 --> 02:29:40.680

Trustee Arest: On village sidewalks and if this passes through December 31 2020 and that's the change. By the way, again, on both of these. It's an extension through the end of the year through December 31 2020

904

02:29:41.130 --> 02:29:52.560

Trustee Arest: So with that being said, I would like to entertain a motion to open public hearing for both the change to 245 and 256

905

02:29:53.250 --> 02:29:53.460

So,

906

02:29:54.960 --> 02:29:55.290

Trustee Crandall: Thank you.

907

02:29:56.130 --> 02:29:57.180

Trustee Arest: Thank you. All in favor.

908

02:29:59.070 --> 02:30:08.520

Trustee Arest: Thank you. So now I'd like to invite any members of the public. Just a reminder, this is not public comment that's coming directly after this, or possibly right after our

909

02:30:08.520 --> 02:30:22.530

Trustee Arest: Village manager makes his comments after that this is specifically comments remained, you know, relevant to these changes to our code and for the purposes of these public hearings and is there an up we have somebody with their hand up.

910
02:30:23.850 --> 02:30:24.750
Mayor Samwick: Or C, are you there.

911
02:30:25.590 --> 02:30:26.790
Marcy Berman-Goldstein: I'm here. Can you hear me.

912
02:30:27.180 --> 02:30:28.560
Mayor Samwick: Yes, we can. Great.

913
02:30:28.620 --> 02:30:38.130
Marcy Berman-Goldstein: Hi, my name is Marcy Berman Goldstein, I'm a scar
so resident residing at 10 Olmsted road and I'm also co president of
these Scarsdale Business Alliance.

914
02:30:38.580 --> 02:30:52.050
Marcy Berman-Goldstein: I would like to thank the village board and
staff, again, on behalf of the Scarsdale Business Alliance for working
with us to find creative solutions for our customers to shop and dine
during this incredibly challenging time

915
02:30:52.830 --> 02:31:02.100
Marcy Berman-Goldstein: The SBA fully supports the amended chapters to 45
and 256 code changes, allowing the extension of sidewalk cafes.

916
02:31:02.790 --> 02:31:07.920
Marcy Berman-Goldstein: For restaurants and utilization of storefront
sidewalks through the end of this year.

917
02:31:08.520 --> 02:31:19.770
Marcy Berman-Goldstein: There has been a tremendous amount of positive
feedback from the business community and from our patrons, the ability to
dine and shop outside has allowed us to serve our customers safely.

918
02:31:20.310 --> 02:31:28.710
Marcy Berman-Goldstein: Now more than ever we need to support our local
restaurants and shops, this resolution meets the needs of our merchants
and consumers.

919
02:31:29.070 --> 02:31:42.390
Marcy Berman-Goldstein: We look forward to our continued collaborative
partnership with the village, as we work to infuse our downtown center
and all of the retail hubs in Scarsdale with a renewed sense of community
and togetherness. Thank you.

920

02:31:44.190 --> 02:31:44.940

Trustee Arest: Thank you. Marcy

921

02:31:46.080 --> 02:31:50.100

Trustee Arest: Appreciate that. And I should just call out you know specifically

922

02:31:51.120 --> 02:31:58.710

Trustee Arest: Marcy who's been incredible from the SBA can get in as well village engineer, David. Gasol village planner Greg Cutler

923

02:31:58.980 --> 02:32:10.530

Trustee Arest: And of course, again, the system village manager Ingrid Richards for really, you know, working very hard. We've been talking of minimum weekly and you know really going above and beyond. So thank you.

924

02:32:12.840 --> 02:32:15.990

Trustee Arest: Is there anyone else up. There's another hand up in there.

925

02:32:18.630 --> 02:32:19.110

Mayor Samwick: Is that you

926

02:32:19.650 --> 02:32:20.460

Robert: It is me.

927

02:32:20.820 --> 02:32:31.230

Robert: Hello. Hi there. Were you Robert Byrd 17 black birch. Has there been any data gathered analyzing the success of this plan.

928

02:32:32.070 --> 02:32:41.490

Robert: I hear that she said it's been terrific, but it's written in the analytics gathered on how many restaurants have actually participated. How many dinners have been served there.

929

02:32:42.630 --> 02:32:52.770

Robert: Or how many stores have actually put out there. Where's hasn't been any requests for other businesses, you know, earlier I had requested the other businesses in Harwood buildings and the other buildings.

930

02:32:53.430 --> 02:32:58.410

Robert: Not ground floor is be able to participate has been any requests by new business to do so.

931

02:33:04.230 --> 02:33:08.700

Trustee Arest: Mr. Burke, I'm happy to try to give some answers when you're when you're done with your comments.

932

02:33:09.480 --> 02:33:11.670

Robert: That's why I haven't had any questions here.

933

02:33:15.540 --> 02:33:15.960

Robert: That's it.

934

02:33:16.560 --> 02:33:18.180

Trustee Arest: Okay, thank you very much, that

935

02:33:19.230 --> 02:33:32.460

Trustee Arest: I'm in terms of in terms of data, you know, we are in touch with I I participate on the SBA board meetings and interact with merchants as well.

936

02:33:33.210 --> 02:33:38.850

Trustee Arest: What I can tell you is what I've learned is that there's only been I believe one merchant.

937

02:33:39.330 --> 02:33:47.370

Trustee Arest: That we've unfortunately lost during this pandemic recently, many of them speak to efforts of the village to actually helping

938

02:33:47.640 --> 02:33:59.460

Trustee Arest: I would, I don't want to say save their businesses, but clearly making them better and making the downtown village center much more vibrant than it had been in some cases even previous to to coven but certainly during coven

939

02:34:01.140 --> 02:34:09.450

Trustee Arest: And there was another question. Besides that, it will. Oh, and I'm not aware of any requests from any other businesses to participate in this front.

940

02:34:09.990 --> 02:34:12.630

Trustee Arest: We have tried to work with other

941

02:34:13.320 --> 02:34:21.030

Trustee Arest: Fitness providers and some other things. There have been some other one case, there was a franchise issue that wouldn't allow them to take Park.

942

02:34:21.270 --> 02:34:29.820

Trustee Arest: Take part using the rec department, but we have offered the rec department as an example to offer programs through fitness programs to residents.

943

02:34:30.540 --> 02:34:45.450

Trustee Arest: To try to help those businesses as well. I don't believe any of them have actually gone through and taken us up on that. But, um, you know, in terms of data. I've only heard positive I think as you as you heard from the SBA president that it's it's been it's been a wonderful collaboration.

944

02:34:51.720 --> 02:34:55.080

Trustee Arest: Any more people. Anybody else from the public want to make comments.

945

02:34:59.520 --> 02:35:01.830

Trustee Arest: Okay, so with that.

946

02:35:03.030 --> 02:35:04.800

Trustee Arest: I would like to

947

02:35:06.540 --> 02:35:14.370

Trustee Arest: Well as everybody on this board is aware, I'm not a big fan of voting on issues that are appear before public hearing on the same night.

948

02:35:14.700 --> 02:35:20.400

Trustee Arest: Unless of course it's administrative or somewhat time sensitive. In this case, kind of

949

02:35:20.880 --> 02:35:27.540

Trustee Arest: I feel as though it falls under both. I mean, for planning purposes this the current law actually lapses at the end of this month.

950

02:35:28.140 --> 02:35:38.250

Trustee Arest: This is just an extension of existing laws I defer to the rest of the board. I will be comfortable voting on this. But if anybody has an objection. I'd love to hear that. Before I ask for emotion.

951

02:35:40.440 --> 02:35:41.040
Trustee Arest: Alrighty.

952
02:35:42.330 --> 02:35:45.510
Trustee Arest: Do I have a motion to close the public, both public hearings.

953
02:35:48.060 --> 02:35:48.450
Trustee Arest: Second,

954
02:35:50.850 --> 02:35:51.540
Trustee Arest: All in favor.

955
02:35:52.260 --> 02:35:52.560
Aye.

956
02:36:06.720 --> 02:36:15.060
Trustee Arest: Village attorney. Do I just say, therefore, let it be, let it be resolved and the inactive. I should say the changes.

957
02:36:15.330 --> 02:36:18.750
Village Attorney Dan Pozin: Yeah, that'd be fine. But I would take them each separately, just for a vote.

958
02:36:18.960 --> 02:36:19.920
Trustee Arest: Yeah, absolutely.

959
02:36:20.160 --> 02:36:20.820
Village Attorney Dan Pozin: Yeah, thank you.

960
02:36:21.510 --> 02:36:33.120
Trustee Arest: So now, therefore, let it be enacted by the Board of Trustees of the villages Scarsdale the noted changes to to 45 dash six of our code listed as regulations.

961
02:36:34.740 --> 02:36:36.930
Trustee Arest: As listed in what in here in

962
02:36:40.320 --> 02:36:40.800
A second

963
02:36:43.440 --> 02:36:44.340

Trustee Arest: I'm sorry, was your second

964

02:36:44.820 --> 02:36:45.240

Mayor Samwick: Second,

965

02:36:46.050 --> 02:36:47.940

Mayor Samwick: All in favor. Hello. Oh.

966

02:36:48.150 --> 02:36:48.600

Hi.

967

02:36:50.040 --> 02:36:51.750

Mayor Samwick: Sorry, go ahead. Just

968

02:36:52.110 --> 02:36:54.360

Trustee Arest: Is this a roll call vote. I assume it is

969

02:36:54.600 --> 02:36:55.530

Mayor Samwick: Well, let's, yes.

970

02:36:55.980 --> 02:36:56.490

Trustee Arest: Right, so

971

02:36:56.580 --> 02:36:57.600

Mayor Samwick: Let's do it as a local

972

02:36:57.720 --> 02:36:59.040

Village Manager Pappalardo: Yes, it's a roll call.

973

02:36:59.280 --> 02:37:00.510

Trustee Arest: This Conkling, would you mind.

974

02:37:01.620 --> 02:37:03.120

Village Clerk Conkling: Not at all. Trustee errors.

975

02:37:03.120 --> 02:37:03.630

Trustee Arest: Thank you.

976

02:37:10.260 --> 02:37:10.590

Trustee Arest: Hi.

977

02:37:11.100 --> 02:37:12.000

Village Clerk Conkling: Trustee Crandall

978

02:37:12.750 --> 02:37:14.760

Village Clerk Conkling: I first St. Louis.

979

02:37:15.180 --> 02:37:17.100

Village Clerk Conkling: our trusty Ross.

980

02:38:48.210 --> 02:38:49.080

robert harrison: I am here.

1003

02:38:49.560 --> 02:38:52.950

Mayor Samwick: Okay, please keep your face forward and speak into the microphone.

1004

02:38:53.040 --> 02:39:13.500

robert harrison: Yeah, no problems with my mic anyway yeah I'm first is TONIGHT ANYWAY mayor i want i want a sandwich being formal I want to compliment you for your excellent mayor's report was sensitive with the tragedy on crane and

1005

02:39:14.820 --> 02:39:26.970

robert harrison: Church and very informative report on many issues or our residents who I hope everybody's listening to tonight's meeting.

1006

02:39:28.440 --> 02:39:41.520

robert harrison: And one thing I strongly agree with you. You talked about for safety reasons that our residents should walk against traffic. I have seen it so many times and it just

1007

02:39:42.150 --> 02:39:53.670

robert harrison: bugs me when people are walking with their back to the cars are driving behind them on Murray Hill Road, where I lived and in box meadow where I've lived for the last

1008

02:39:55.080 --> 02:40:06.240

robert harrison: 19 years so I hope people will listen to what you said. And please walk against traffic on our narrow roads in Scarsdale

1009

02:40:08.580 --> 02:40:19.020

robert harrison: Next I'd like to talk about my favorite subject which has been difficult. We're talking about the Scarsdale open use tennis tournament.

1010

02:40:19.860 --> 02:40:28.920

robert harrison: Which you've heard me talk about before. It's been publicized and 10583 has been publicized in the Scarsdale inquire on a number of occasions.

1011

02:40:29.400 --> 02:40:41.820

robert harrison: And things were very, very slowly and perhaps do due to coven obviously parents concerns the startup of school in September, with all the issues that

1012

02:40:42.630 --> 02:41:00.270

robert harrison: We know about as we read the paper. But finally, things have come together, we made a deadline of last night, and we have a 28 of our youth signed up for the Scarsdale open, which will take place this Thursday.

1013

02:41:01.290 --> 02:41:13.110

robert harrison: The 15th at five o'clock at the middle school tennis courts and then Friday at five o'clock. If it doesn't rain and then Saturday, and we have again 28

1014

02:41:13.770 --> 02:41:23.490

robert harrison: Players use playing and we will have several divisions based on their ability and everyone will get a participation trophy.

1015

02:41:23.940 --> 02:41:35.400

robert harrison: And the champions will get champion trophies and it's her boys and girls ages six to 18 all skill levels beginner novice intermediate and advanced

1016

02:41:35.850 --> 02:41:46.830

robert harrison: And we have a full range of players that have signed up and with a lot of excitement by their parents and I want to compliment Aegis Fodor. She's a three year resident of Scarsdale

1017

02:41:47.310 --> 02:42:01.530

robert harrison: She has been so helpful to me. She has two children. She made up a beautiful poster, which we posted around the tennis courts over the last week and either spin. Great. And she's going to be helping us out on Thursday night.

1018

02:42:04.260 --> 02:42:21.240

robert harrison: If there's anybody listening to this, if you can call me before midnight tonight we might be able to squeeze it into one of the drawers for the tournament, and we look forward to hopefully some good weather and and a great tournament for our youth. Thank you.

1019

02:42:22.590 --> 02:42:23.610

Mayor Samwick: Thank you, Mr Harrison.

1020

02:42:35.460 --> 02:42:36.360

Mayor Samwick: Bob, are you there.

1021

02:42:36.720 --> 02:42:45.810

Robert: I am a Robert Berg again 17 black birch. We've had a number of serious traffic incidents in the village or the

1022

02:42:45.810 --> 02:42:52.980

Robert: Past couple of weeks. Obviously the terrible fatality last week, another terrible crash on church.

1023

02:42:54.240 --> 02:43:01.410

Robert: week or two before that. And there's been very little information available to the public about exactly what happened. We don't know.

1024

02:43:02.280 --> 02:43:09.420

Robert: How whether the victim was actually crossing the street or walking on the side of the street, we really don't have the facts, it would be helpful.

1025

02:43:09.870 --> 02:43:17.790

Robert: To residents to know what really transpired in both those two terrible incidents, I'm concerned that there's not

1026

02:43:18.300 --> 02:43:24.900

Robert: Public Information going out obviously some of these incidents. The police are still investigating the counties involved.

1027

02:43:25.260 --> 02:43:32.280

Robert: But this still should be preliminary reports and information made available to the public. So I do have a concern with that. I also know that

1028

02:43:32.730 --> 02:43:41.040

Robert: Some of my Edgewood friends have been trying for several years now to get four way stop sign, putting on one intersection and the village has been

1029

02:43:41.490 --> 02:43:50.760

Robert: has not agreed to do. So even though many of those residents signed a petition and all the neighbors came and spoke before the board several times four letters.

1030

02:43:51.270 --> 02:44:01.200

Robert: And it's inconceivable to me that the village will not accommodate them on their street. So while all these terrible things have been happening. The village won't take some basic steps.

1031

02:44:01.860 --> 02:44:08.610

Robert: Where residents live in the area and deal with that problem, day in and day out. And I've walked those streets and I can

1032

02:44:08.880 --> 02:44:17.010

Robert: Understand their concerns and yet the village not responding so would hope the Village now will be more sensitive to their concerns and we'll put in that four way stop sign. Thank you.

1033

02:44:18.480 --> 02:44:19.320

Mayor Samwick: Thank you, Mr. Bird.

1034

02:44:27.180 --> 02:44:28.710

Mayor Samwick: Anyone else wishing to be heard this evening.

1035

02:44:34.470 --> 02:44:36.300

Mayor Samwick: Okay, with that, I'd like to

1036

02:44:37.440 --> 02:44:50.940

Mayor Samwick: Close public comment. And I don't want to put you on the spot village manager, but if you wanted to just talk a little bit about the traffic incidents and and the process by which

1037

02:44:52.470 --> 02:44:56.130

Mayor Samwick: STOP signs or other traffic measures are addressed in the village.

1038

02:44:58.200 --> 02:45:00.270

Village Manager Pappalardo: You know, Mayor i don't i don't have much information.

1039

02:45:01.560 --> 02:45:05.850

Village Manager Pappalardo: With regards to the the accident on church. And that's still being looked at and

1040

02:45:08.130 --> 02:45:12.300

Village Manager Pappalardo: The accident with the pedestrian fatality, you know,

1041

02:45:13.350 --> 02:45:14.040

Village Manager Pappalardo: Involved.

1042

02:45:15.960 --> 02:45:24.060

Village Manager Pappalardo: Samuels, who was walking against traffic. She was on the south side of of Crane

1043

02:45:26.640 --> 02:45:31.050

Village Manager Pappalardo: Between the entrance to St. James to less church and Church Street.

1044

02:45:32.130 --> 02:45:33.150

Village Manager Pappalardo: There is no sidewalk.

1045

02:45:34.320 --> 02:45:40.800

Village Manager Pappalardo: On that side of the street, she was walking between the shoulder line and the curb, which is maybe a foot and a half or two feet.

1046

02:45:42.330 --> 02:45:48.480

Village Manager Pappalardo: The motorist was driving eastbound on crane towards post

1047

02:45:49.770 --> 02:45:52.380

Village Manager Pappalardo: Apparently, based on the reports that we've received

1048

02:45:53.520 --> 02:45:59.880

Village Manager Pappalardo: Had some difficulty seeing with sun glare at that time of the morning didn't see her and hitter. The county

1049

02:46:01.260 --> 02:46:05.490

Village Manager Pappalardo: Investigate traffic investigation team who we call it in these situations. They're trained

1050

02:46:07.950 --> 02:46:14.670

Village Manager Pappalardo: Determine that there was no indication of any speeding. There were no skid marks though summonses were issued. It was just a terrible accident.

1051

02:46:16.770 --> 02:46:18.480

Village Manager Pappalardo: As regards to

1052

02:46:19.740 --> 02:46:37.200

Village Manager Pappalardo: Request that we get from residents for all restrictive traffic signs, including stop signs. In this case, we do employ our traffic safety committee who meets on a regular basis to review these requests.

1053

02:46:38.280 --> 02:46:42.840

Village Manager Pappalardo: We obtain as much statistical data as we possibly can.

1054

02:46:43.920 --> 02:46:57.750

Village Manager Pappalardo: Before making any determinations. We look at the uniform manual of vehicle traffic control devices which is a nationwide document which is which guides all governments with these regulatory signs.

1055

02:46:59.010 --> 02:47:08.580

Village Manager Pappalardo: And we make decisions based on that information. The, the traffic safety committee consists of our engineers police department.

1056

02:47:11.070 --> 02:47:17.190

Village Manager Pappalardo: Officers who are who have some training in this area managers office staff to manage it and

1057

02:47:18.720 --> 02:47:26.520

Village Manager Pappalardo: So that's how we do it. It's independent we go and look at these sites, independent of each other, come back, look at the data that we have an make determinations.

1058

02:47:27.030 --> 02:47:33.000

Village Manager Pappalardo: That four way stop intersection that's breaking Nelson. We don't believe is ness is justified based on what I just explained

1059

02:47:33.330 --> 02:47:40.050

Village Manager Pappalardo: There was some visual obstructions out there. We worked very hard with our code enforcement officer to take care of all of those visual obstructions and

1060

02:47:40.830 --> 02:47:47.760

Village Manager Pappalardo: And that was the determination of that committee at that time, we haven't changed our mind. I'm not on the committee, but I'm reporting on behalf of their work.

1061

02:47:49.140 --> 02:47:50.310

Mayor Samwick: Thank you very much manager.

1062

02:47:50.460 --> 02:47:54.510

Trustee Arest: There could be two comments. One is something I forgot to say earlier.

1063

02:47:54.960 --> 02:47:55.950

Mayor Samwick: Yeah. Sure. Thank you.

1064

02:47:56.250 --> 02:48:00.480

Trustee Arest: First of all, I appreciate the comments on traffic safety. I think it's great.

1065

02:48:01.050 --> 02:48:09.150

Trustee Arest: That when residents take interest in it. I think it's I think it's well known that it's been a priority of many on this board, if not the entire board for for quite some time.

1066

02:48:09.600 --> 02:48:14.880

Trustee Arest: And I appreciate with the mayor said earlier about moving forward, getting at least prices from an engineer.

1067

02:48:15.240 --> 02:48:19.110

Trustee Arest: And my understanding is hopefully we'll have a work session on this in the next month or so.

1068

02:48:19.470 --> 02:48:26.580

Trustee Arest: And I very much. I look forward to that. And I think the mayor for that very much. The other items just goes back to the village center quickly.

1069

02:48:27.060 --> 02:48:31.560

Trustee Arest: One other thing I forgot to mention is hearing from a large land owner in the village center.

1070

02:48:32.100 --> 02:48:45.930

Trustee Arest: Some of the efforts that the village has taken, including the tent sidewalk cafes. Also the Where's outside on the sidewalk. These have actually been pointed out by potential tenants people looking at spaces.

1071

02:48:46.470 --> 02:48:58.110

Trustee Arest: As, as St. Things that are appealing and they may want to take advantage of and reasons why they may want to come to Scarsdale. I think they appreciate that. There's a government and there's a community willing to work with them and trying to support them.

1072

02:48:58.770 --> 02:49:13.020

Trustee Arest: I also would like to just note that, my understanding is that I don't have hard numbers on this, but from what I've been told by people who are either land owners or real estate agents. Our vacancy rate is at some of the lower lowest levels.

1073

02:49:13.590 --> 02:49:21.270

Trustee Arest: That it has been a very long time, predating coven, which I think is wonderful, as well. So thank you, Matt. For a lot of the extra comments.

1074

02:49:21.900 --> 02:49:29.700

Mayor Samwick: Thank you, Trustee. Um, one other just anecdotal from, you know, my perspective with respect to Mr Berg's

1075

02:49:30.780 --> 02:49:43.470

Mayor Samwick: comments and questions. And one thing that I have learned is that I do not know about the traffic rules, regulations and what dictates a stop sign as an example.

1076

02:49:44.730 --> 02:49:50.700

Mayor Samwick: My intuition told me that a stop sign is a safety measure. And in fact, what I've learned.

1077

02:49:51.480 --> 02:50:03.270

Mayor Samwick: From the professionals. Is that too many stop signs actually reduce the effectiveness and safety of all of the stop signs, because it because if they are too frequent and too voluminous

1078

02:50:03.780 --> 02:50:06.810

Mayor Samwick: You actually find people going through them with more frequency

1079

02:50:07.320 --> 02:50:15.300

Mayor Samwick: So I think you know the bottom line here, from my perspective, when we're on a share with everybody is. We're very fortunate that we do have professionals who can deal with these things.

1080

02:50:15.690 --> 02:50:29.190

Mayor Samwick: And just what I have found in my limited experience that you know they have a much better handle on this stuff more expertise in this arena and an obviously everybody is looking out for the safety.

1081

02:50:29.670 --> 02:50:45.300

Mayor Samwick: Of our residents, whether they be pedestrians, bicyclists or or people who are driving cars. So I just wanted to put that out there. With that, I'd like to move on to trustee liaison reports. I know that trust your Crandall has something she wants to share with us.

1082

02:50:47.100 --> 02:50:47.970

Trustee Crandall: Thank you, Mayor

1083

02:50:49.350 --> 02:50:58.920

Trustee Crandall: There's another Lunch and Learn meeting this Monday, October 19 from one to 2PM under the Scarsdale food tent on Spencer place.

1084

02:50:59.580 --> 02:51:13.650

Trustee Crandall: The program regards preparing for Medicare open enrollment Diane today Westchester County Department of Senior Services will answer your questions about health insurance and Medicare

1085

02:51:14.850 --> 02:51:24.390

Trustee Crandall: This program is free and open to all, although it is likely of most importance to our senior citizens, please bring your own lunch.

1086

02:51:24.930 --> 02:51:46.170

Trustee Crandall: For more information, contact Mary Ellen Sanger aging place coordinator at 914-723-3281 also if you're a Scarsdale senior citizen, who's feeling a bit isolated or stressed by the Colbert situation, feel free to give Mary Ellen a call, you're not alone.

1087

02:51:47.370 --> 02:51:56.250

Trustee Crandall: According to Mary Ellen our seniors are actually doing quite well they're managing they're able to get their food and get to their doctors appointments, etc. But

1088

02:51:56.610 --> 02:52:08.220

Trustee Crandall: In general, they're feeling a bit bored and isolated, given the current virus situation to call your neighbors. And of course, call your mom, your dad. Any other

1089

02:52:08.970 --> 02:52:18.090

Trustee Crandall: older relatives or perhaps you can't see and just in general, you know, continue to be kind Scarsdale. We're in this together. Thank you.

1090

02:52:19.320 --> 02:52:25.950

Mayor Samwick: Thank you, Trustee critical trustee Robin I know has an update on the library and

1091

02:52:26.400 --> 02:52:37.020

Mayor Samwick: I'm very fortunate. She accompany me or perhaps I accompanied her on the recent tour of the library. So I don't know if you have more to share on that or other things factor library related, but it's all you.

1092

02:52:37.560 --> 02:52:50.550

Trustee Waldman: Thank you, Mayor and yes I did have the pleasure of tying the library with Mayor Samak last week, and it is coming along and it looks great and it will be a huge asset to this community. So we all look forward to the opening

1096

Trustee Waldman: This information will be shared on the library website banners announcing the reopening

1097

Thank you.

1098

02:53:56.280 --> 02:53:58.140

Mayor Samwick: Thank you trusted Walden trust you, Louis.

1099

02:53:59.370 --> 02:54:08.940

Trustee Lewis: Thank you. Last week I attended a meeting of the Advisory Council on technology, headed by Scotland Paula. It was a very full some conversation.

1100

02:54:09.690 --> 02:54:17.970

Trustee Lewis: The committee had the privilege of being briefed by our village head of technology, Christopher O'Brian gave a excellent very complete presentation.

1101

02:54:18.420 --> 02:54:25.260

Trustee Lewis: On on some of the software packages, we use to manage our fares and the conversation was strategic in nature, nature.

1102

02:54:26.040 --> 02:54:36.750

Trustee Lewis: thinking through, how do we craft greater efficiencies from what we have a very timely conversation, given the budget talks, we've embarked on and the challenges before us.

1103

02:54:37.230 --> 02:54:46.110

Trustee Lewis: And the advisory council technology is preparing a comments to be shared with the board later this fall with their preliminary conclusions.

1104

02:54:48.390 --> 02:54:49.290

Mayor Samwick: Interesting list.

1105

02:54:50.610 --> 02:54:52.110

Mayor Samwick: Any other trustee comments.

1106

02:54:52.380 --> 02:54:59.040

Trustee Arest: Mayor, just because it appears as though I'm extending those previous comments for the whole meeting. So I'll just as I remember a few things. I'll just

1107

02:54:59.250 --> 02:55:14.730

Trustee Arest: If I could just quickly I I left off, former Deputy Mayor Jay Baer on on the list of people on the downtown Task Force, and I should note that she was kind enough to agree to stay on the task force. She's invaluable. And so, thank you, Jane.

1108

02:55:16.980 --> 02:55:21.390

Mayor Samwick: Thank you trust us, and certainly Second that. Okay, now

1109

02:55:22.350 --> 02:55:23.940

Trustee Whitestone: I have a liaison report, I went, oh

1110

02:55:23.940 --> 02:55:24.840

Mayor Samwick: Yes, so

1111

02:55:25.050 --> 02:55:26.070

Mayor Samwick: I trust you. I stone.

1112

02:55:26.370 --> 02:55:33.210

Trustee Whitestone: From last week I attended the community partners quarterly update meeting for the Scarsdale Youth Services project.

1113

02:55:33.720 --> 02:55:39.870

Trustee Whitestone: The ISP is a partnership among village, the school district in Scarsdale on family counseling service.

1114

02:55:40.650 --> 02:55:48.780

Trustee Whitestone: The project place to the team of youth outreach workers into the community as a resource for adolescents and parents and Jay de novo who's

1115

02:55:49.320 --> 02:55:57.360

Trustee Whitestone: Scarsdale edge. My family counseling service executive director updated us on how the project is performed through six independent programs.

1116

02:55:57.990 --> 02:56:10.350

Trustee Whitestone: In short, there have been interruptions obviously in the school year, but they are roughly keeping pace with the amount of counseling services that they're offered and they've offered in years past.

1117

02:56:11.340 --> 02:56:22.440

Trustee Whitestone: Some programs are down seven to 10% but they are mostly covering off the needs of kids in the middle and high schools and as well as the parent groups.

1118

02:56:23.430 --> 02:56:33.810

Trustee Whitestone: Jay observed that the project is preparing for the mental health impact of the shorter darker days of fall and winter ahead and potential future spikes in the pandemic.

1119

02:56:34.620 --> 02:56:46.740

Trustee Whitestone: But overall staff and participants are adjusting to our virtual existence and the services project has continued to provide needed counseling community at a time and such services have been more important than

1120

02:56:48.630 --> 02:56:49.680

Mayor Samwick: Thank you. Christy white stone.

1121

02:56:51.120 --> 02:56:51.870

Mayor Samwick: Anyone else

1122

02:56:53.460 --> 02:56:53.910

Trustee Ross: Okay.

1123

02:56:54.360 --> 02:56:57.450

Mayor Samwick: Now on to agenda items to St. Louis.

1124

02:56:59.040 --> 02:57:08.760

Trustee Lewis: Yes, before us, we have the resolution regarding the water main repair emergency purchase and replenish waterfront capital budget.

1125

02:57:09.600 --> 02:57:18.720

Trustee Lewis: This is a discussion item that has appeared in our conversations in the past. Everybody is quite familiar with the fact that we had a significant

1126

02:57:19.140 --> 02:57:29.730

Trustee Lewis: And troublesome water main break in August, reflecting the aging of our infrastructure. We had discussion of this in our September board meeting, and the actions taken

1127

02:57:30.720 --> 02:57:41.400

Trustee Lewis: As people may recall from that board meeting it was an emergency matter and we initially funded the repair of that water main break from our capital improvement fund for water related infrastructure.

1128

02:57:41.850 --> 02:57:49.230

Trustee Lewis: We have lots of lots of other infrastructure needs. And so we need to replenish that the infrastructure fund that will repair fund.

1129

02:57:49.680 --> 02:57:55.260

Trustee Lewis: This resolution covers that ground, so I will go directly to the results clause result.

1130

02:57:55.770 --> 02:58:15.690

Trustee Lewis: Of that a total of 110,000 \$155 and 50 and 66 cents from the water fund balance account, see the details be transferred to the water from capital improvement account see details in order to replenish the capital fund to facilitate the completion of the plant and budgeting capital projects.

1131

02:58:16.800 --> 02:58:17.970

Trustee Lewis: There a second. Second.

1132

02:58:21.570 --> 02:58:22.020

Trustee Lewis: you're muted.

1133

02:58:23.220 --> 02:58:26.310

Mayor Samwick: Sorry about that. That's a roll call is concrete, please.

1134

02:58:27.150 --> 02:58:27.900

Village Clerk Conkling: Sd ours.

1135

02:58:28.170 --> 02:58:29.880

Village Clerk Conkling: I just incredible.

1136

02:58:30.600 --> 02:58:32.460

Village Clerk Conkling: I posted Louis

1137

02:58:32.940 --> 02:58:33.300

I

1138

02:58:34.320 --> 02:58:35.310

Village Clerk Conkling: Trustee Ross.

1139

02:58:35.700 --> 02:58:36.060

Trustee Ross: I

1140

02:58:36.540 --> 02:58:37.500

Village Clerk Conkling: Just do Wildman

1141

02:58:38.160 --> 02:58:40.260

Village Clerk Conkling: I just the white Stan

1142

02:58:40.650 --> 02:58:42.300

Village Clerk Conkling: Hi, Sam.

1143

02:58:43.080 --> 02:58:44.550

Mayor Samwick: Hi. Thank you for coming.

1144

02:58:45.720 --> 02:58:48.750

Mayor Samwick: We now go to trust you. Ross for a resolution.

1145

02:58:49.320 --> 02:58:55.470

Trustee Ross: Thank you, man. This is a resolution awarding VM contract number 1275 fire apparatus maintenance services.

1146

02:58:55.710 --> 02:59:04.290

Trustee Ross: And I'm going to say a few words about it because it is somewhat unusual in that we received two bids and are not accepting the lower of the two bids.

1147

02:59:04.860 --> 02:59:18.060

Trustee Ross: So I think that why that is warrants a little bit of discussion a little, little explanation, and we did receive two bids. One was somewhat lower than the other.

1148

02:59:18.990 --> 02:59:30.360

Trustee Ross: We are accepting the one, one was for an hourly rate of \$150 an hour. And that's one we're accepting and the other for an hourly rate of 135 under \$35 an hour.

1149

02:59:31.650 --> 02:59:42.720

Trustee Ross: We were accepting the higher of the two bids for a few reasons. One, the, the bitter who's been we're accepting is closer to

1150

02:59:44.280 --> 02:59:46.020

Trustee Ross: Let's see, to, to the

1151

02:59:47.430 --> 02:59:51.240

Trustee Ross: The Campbell. The. I'm sorry. The is

1152

02:59:53.160 --> 03:00:05.970

Trustee Ross: Okay, is it is a shorter distance to the the the facility where it where it needs to be. It is a 60 mile and 65 minute trip as opposed to 126 mile and 130 minute trip.

1153

03:00:08.070 --> 03:00:27.570

Trustee Ross: Addition, a around trip to the further facility would not only result in higher transportation costs, but would also adversely affect. Affect departmental operations relative to operating short staffed for a duration in excess of two hours.

1154

03:00:28.680 --> 03:00:41.070

Trustee Ross: In addition, the, the contract bid set specifications required bidders to offer a web based fleet management software system. The lower bid lower bid did not comply with that requirement, while the higher bid did

1155

03:00:41.760 --> 03:00:48.930

Trustee Ross: The absence of the software would make it much more difficult for staff to stay aware of past, present and future maintenance schedules and repairs and

1156

03:00:49.830 --> 03:00:56.100

Trustee Ross: The software provides fire department staff easy access to all repair records increasing vendor accountability.

1157

03:00:56.700 --> 03:01:09.780

Trustee Ross: For anyone who wants further detail on the explanation I just gave. They can refer to the memorandum on the subject, written by excuse me fire chief Seymour, which is on the website.

1158

03:01:11.820 --> 03:01:16.530

Trustee Ross: Along with the, the resolution itself. So now I'll get to the resolution.

1159

03:01:17.070 --> 03:01:24.210

Trustee Ross: Whereas due to the complexities of village fire department apparatus village contracts or certain repairs service and preventive maintenance work.

1160

03:01:24.570 --> 03:01:39.750

Trustee Ross: On July 14 2020 The Village Board of Trustees rejected all bids associated with VM contract number 1269 fire apparatus maintenance services, the bid specifications not adequately provide for proper evaluation and determination of the lowest responsible bidder.

1161

03:01:41.490 --> 03:01:53.610

Trustee Ross: Village manager reports that he publicly advertised for the receipt of bids on July 15 2020 hundred VM contract number 1270 fire apparatus maintenance services well also distributing the package to eight vendors

1162

03:01:54.120 --> 03:02:02.100

Trustee Ross: The contract term is for one year renewable for two additional one year periods at the villages option with apparatus service charges based on hourly rates.

1163

03:02:03.630 --> 03:02:13.320

Trustee Ross: On the bid opening date of August 4 2022 bids were received one from Campbell Freightliner Montgomery, New York, and the other from Hudson Valley fire equipment LLC Brewster, New York.

1164

03:02:13.770 --> 03:02:19.230

Trustee Ross: Is our bid reviewed determine the Hudson Valley fire equipment LLC, that all identified bid requirements.

1165

03:02:19.680 --> 03:02:28.170

Trustee Ross: And furthermore, was deemed by the fire chief to be the bitter capable of offering a village fire departments and most reliable and responsible apparatus repair service.

1166

03:02:28.740 --> 03:02:36.330

Trustee Ross: So now, be it resolved that VM contract number 1275 forever as maintenance services be awarded to Hudson Valley fire equipment LLC.

1167

03:02:36.660 --> 03:02:44.880

Trustee Ross: At the hourly service and trip rate charges identified on the VM contract number 1270 in tabulation she's attached here to and made a part here of

1168

03:02:45.240 --> 03:02:54.660

Trustee Waldman: So moved. Second. Second.

1256
03:11:44.970 --> 03:11:45.690
Mayor Samwick: All in favor.

1257
03:11:45.960 --> 03:11:46.320
Aye.

1258
03:11:48.120 --> 03:11:52.620
Mayor Samwick: And now a report from the custodian of taxes as of September 30 2020

1259
03:11:55.380 --> 03:12:06.300
Ann Scaglione: Good evening. So everybody has received a copy of the town financial reports for September 30 first September 30 2020

1260

03:12:07.380 --> 03:12:09.840

Ann Scaglione: As of September 30

1261

03:12:11.280 --> 03:12:21.630

Ann Scaglione: 98.78% of the county tax levy for 2020 has been received the comparable percentage for

1262

03:12:23.910 --> 03:12:26.580

Ann Scaglione: Was 99.32%

1263

03:12:28.710 --> 03:12:39.540

Ann Scaglione: The final 40% that the town has to remit to the county is due this week and will be paid by October 15 the date that it's do

1264

03:12:40.740 --> 03:12:53.220

Ann Scaglione: The penalty free period for the school taxes ended on September 30 school tax collections to date or 68.08%

1265

03:12:54.690 --> 03:13:00.030

Ann Scaglione: This is a significant difference from the period ended September.

1266

03:13:02.370 --> 03:13:10.440

Ann Scaglione: Which was 94.74% as 2020 was the first year of our installment payments for school taxes.

1267

03:13:12.570 --> 03:13:13.410

Ann Scaglione: So,

1268

03:13:15.390 --> 03:13:36.270

Ann Scaglione: 68% is is obviously higher than 50% of the installment. So, that is, that's a very good number reminder notices for the 2020 village County and school taxes will be mailed mid October we expect to have those in the mail. By early next week.

1269

03:13:37.830 --> 03:13:48.660

Ann Scaglione: If taxpayers have any questions on their tax bills. They may call the Treasury Department at 914-722-1170 and we'd be happy to help.

1270

03:13:50.130 --> 03:14:11.970

Ann Scaglione: The five year summary of the town tax collection experience is included with the September results. If you have any questions, the county tax collection collection at the rate of 98.78 for the current year is slightly lower than our five year average of 99.21

1271

03:14:14.490 --> 03:14:36.090

Ann Scaglione: The school tax collection rate for the current year of 68.08 is again slightly significantly lower than the five year average of 90.1% and again that's reflecting that this is the first year that we had installment billing for our school taxes.

1272

03:14:37.320 --> 03:14:40.170

Ann Scaglione: If anybody has any questions, I'd be happy to answer them.

1273

03:14:44.820 --> 03:14:48.420

Ann Scaglione: Okay, with no questions. This concludes my report. Thank you.

1274

03:14:49.170 --> 03:15:02.790

Mayor Samwick: Thank you. Now, the only thing I would like to do is share with residents who did opt for the installment plan for both village and school taxes. What are the due dates for the second payment of each of those taxes.

1275

03:15:03.480 --> 03:15:06.510

Ann Scaglione: Okay, I have those written down.

1276

03:15:08.220 --> 03:15:09.660

Ann Scaglione: The second payment.

1277

03:15:11.100 --> 03:15:12.150

Mayor Samwick: The second payment in

1278

03:15:12.570 --> 03:15:26.610

Ann Scaglione: The second payment, just bear with me for one second for the village is December for the second payment for the school. I am so sorry. I just have to look that up. It just slipped my mind.

1279

03:15:28.230 --> 03:15:29.670

Ann Scaglione: So if you give me a minute.

1280

03:15:31.410 --> 03:15:33.750

Ann Scaglione: If you just give me a few minutes, I'll get back to you on that.

1281

03:15:33.870 --> 03:15:36.780

Mayor Samwick: All right, thank you. I appreciate that. Sorry to put you on the spot.

1282

03:15:37.020 --> 03:15:40.980

Mayor Samwick: Okay if I have to take the opportunity to remind the residents of what we have

1283

03:15:41.910 --> 03:15:52.650

Mayor Samwick: So let's move on to the second public comment section of the meeting again please state your name and address and we still have the same five minute limitation anyone wishing to be heard, please raise your hand.

1284

03:15:58.500 --> 03:15:59.790

Mayor Samwick: Mr Harrison, are you there.

1285

03:16:00.930 --> 03:16:06.930

robert harrison: I am here. Can I help out the village, who's doing a great job already

1286

03:16:08.070 --> 03:16:11.430

robert harrison: January 31 for the second school payment.

1287

03:16:12.600 --> 03:16:15.630

robert harrison: So I'm going to pay my taxes on January.

1288

03:16:17.520 --> 03:16:18.600

Mayor Samwick: Thank you very much, Bob.

1289

03:16:19.530 --> 03:16:21.450

robert harrison: I have some other comments and I got

1290

03:16:24.030 --> 03:16:28.830

robert harrison: I have a call coming in on tennis, but I'll have to pick it up later anyway.

1291

03:16:32.100 --> 03:16:37.110

robert harrison: Scarsdale opened up tennis tournament starting on Thursday.

1292

03:16:38.250 --> 03:16:41.550

robert harrison: Some very interesting figures from the rec department today.

1293

03:16:42.570 --> 03:16:43.440

robert harrison: The latest

1294

03:16:44.820 --> 03:16:45.660

robert harrison: The latest

1295

03:16:47.880 --> 03:17:00.210

robert harrison: Junior tennis permanent sold by the village are up to 632 and the last report, we had a couple of weeks ago as 593 so it's up 39

1296

03:17:00.870 --> 03:17:18.900

robert harrison: And the total permits sold with adults 878 seniors at six that totals 1588 tennis permits sold the tennis commuting community is helping finance the village budget. I hope you enjoy that.

1297

03:17:20.580 --> 03:17:24.420

robert harrison: Hope, but we'll even have more tennis players next year.

1298

03:17:27.150 --> 03:17:29.790

robert harrison: Yes, back on the tournament itself, but

1299

03:17:31.080 --> 03:17:39.870

robert harrison: You know, in order to have this tournament. We're working with the rec department, we have to file a safety plan and we're finalizing that tomorrow morning.

1300

03:17:41.280 --> 03:17:42.660

robert harrison: There's this

1301

03:17:44.700 --> 03:17:46.590

robert harrison: Restrictions with co good

1302

03:17:48.120 --> 03:17:56.640

robert harrison: Everyone will have to come to the middle school tennis courts with a mask. But when they enter the courts, they'll be able to play without

1303

03:17:58.170 --> 03:18:05.970

robert harrison: Will be doing something with balls. Each player will have their own balls, Mark. And so we're doing everything that

1304

03:18:07.980 --> 03:18:09.120

robert harrison: We hope to do

1305

03:18:10.260 --> 03:18:30.030

robert harrison: Parents will not be allowed in the courts. They have to stand outside the fence and they can only congregate as fast as a family, husband and wife, watching the matches. So there's a lot to do with the problems of the app epidemic. And it makes

1306

03:18:31.110 --> 03:18:33.150

robert harrison: A lot more more difficult.

1307

03:18:34.620 --> 03:18:38.070

robert harrison: Events and the rec department is doing a great job to have a number

1308

03:18:42.570 --> 03:18:43.650

robert harrison: Here today.

1309

03:18:48.240 --> 03:18:48.510

And

1310

03:18:50.220 --> 03:18:50.700

robert harrison: I'm just

1311

03:18:52.410 --> 03:18:54.630

Mayor Samwick: Bob, if you could speak towards the microphone.

1312

03:18:55.800 --> 03:18:57.480

robert harrison: I don't know what's wrong with my mic.

1313

03:18:58.620 --> 03:19:04.050

robert harrison: But anyway, I hope you heard that. Did you hear the numbers I gave you on tennis permits, I hope.

1314

03:19:04.410 --> 03:19:06.810

Mayor Samwick: Yes, just the very end of what you were saying, we didn't

1315

03:19:07.260 --> 03:19:16.230

robert harrison: Okay. And let me see. I'm trying to look at my notes. I thought I had something else to say. I apologize and

1316

03:19:17.370 --> 03:19:33.150

robert harrison: Let's see. Yeah. Oh, so. So, any, any way we playing our matches at five o'clock this Thursday at the middle school Friday at five o'clock, although the forecast is for rain and then Saturday from noon to five.

1317

03:19:33.930 --> 03:19:43.980

robert harrison: At the middle school tennis courts and hopefully that'll give us time to have all our matches. We're going to have a beginner novice tournament and a

1318

03:19:44.430 --> 03:19:56.040

robert harrison: Advanced tournament, and we have trophies for participation and trophies for champions and we look forward to some fun matches for our youth. Thank you.

1319

03:19:56.880 --> 03:20:06.840

Mayor Samwick: Thank you very much, Mr Harrison and Bob, thank you for all you've done for our tennis program and our youth over the years. It's really been fantastic. We really appreciate it.

1320

03:20:08.340 --> 03:20:10.590

Mayor Samwick: Anyone else wishing to be heard at public comment.

1321

03:20:12.810 --> 03:20:27.210

Mayor Samwick: Not seeing anyone. I'd like to close. Public comment and move on to the future meeting schedules. So, earlier this evening at 5pm we had a village for work session via Zoom was our organizational meeting for the

Trustee Crandall: Second,

1327

03:21:13.410 --> 03:21:14.100
