Take the Plunge – Become a Scarsdale Pool Member!

With summer here, school letting out and temperatures on the rise, the [Scarsdale Municipal Pool Complex](#) has kicked off its 2021 Summer season, welcoming back families as the community begins to transition post-COVID.

The four-pool, seven-acre complex on Mamaroneck Road, marking its 53rd season, offers residents the chance to be together outdoors and enjoy a breadth of offerings including swimming, diving, splashing, a playground, basketball and volleyball courts, a Gaga Pit, showers, lockers and changing spaces, and a full-service snack bar.

The pool offers resident family membership starting at \$616, with individual resident memberships starting at \$371 along with single-use pay-as-you-go options. For more information consult our [Parks, Recreation and Conservation Catalog](#).

In addition to the renowned diving, swimming and wading pools and other physical amenities, the pool offers activities including swim and dive lessons and clinics, after-camp sessions, and the ability to host birthday parties.

“We’re so glad to be back! We’re delighted to see our wonderful pool complex open for a full season well ahead of the July 4th holiday after a shortened 2020 season,” said Mayor Jane Veron. “As we begin to reenvision the Scarsdale pool of the future, it is important that we celebrate this special place that has created memories for generations of Scarsdaliens and is sure to do the same over this 2021 Summer season.”

“The pool staff, led by Parks, Recreation and Conservation Superintendent Brian Gray, Assistant Superintendent Bob Kaczmarek, and Pool Director Jene Davis, has done a superb job of getting the facility ready for what should be a great season,” said Village Manager Stephen M. Pappalardo. “I encourage residents to join now to get the most out of our full 2021 season.”

O’Neill’s Concession, a popular pool complex amenity, is open for the 2021 season and offers a fabulous menu, including healthy choice selections, refreshments, and ice-cold treats!

The Village also announced that pool complex health and safety protocols have been adjusted to reflect the [latest guidance](#) from state and federal health officials.
