### **Village Voices: Meet the Local Officials Who Make Scarsdale Shine!**

Condoleezza Rice once commented, “There's no greater challenge and there is no greater honor than to be in public service.”

The many volunteers supporting both the Village of Scarsdale and the Scarsdale community, whether as members of our many boards and councils or as members of our community-based organizations, and our professional staff dedicate countless hours to maintaining and enhancing our local quality of life. Often, their work is beyond public view, yet all members of our community reap the benefit of their collective commitment to excellence in public service – the magic dust that helps to make Scarsdale shine.

Members of the Advisory Council on Communications, chaired by Dara Gruenberg, have collaborated with Village staff to produce a series of video shorts – “[Village Voices: Meet the Local Officials Who Make Scarsdale Shine!](#)” – to help introduce you to the leadership staff at Village Hall, many of whom you may only be acquainted with by name phone or email.

The Village Voices video collection provides a small window into the roles and duties our professional staff and their respective departments are responsible for. At the same time, we hope you appreciate being able to attach a face to the names you see on our website and elsewhere.

We believe you will enjoy the new video series. Please take time to periodically view the [Highlight Story](#) on our landing page at scarsdale.com, as we will be adding more videos to the collection.
