Pool Survey Launches in Two Stages

This week, the first wave of our Municipal Pool Complex survey, one of the essential tools we are using to collect community input, was mailed to a randomly selected group of 2,000 Scarsdale residents.

Public engagement is important for shaping Scarsdale's future. Recipients of the mailed survey are strongly encouraged to complete and return it as soon as possible!

In a few weeks, *every* resident will have the opportunity to answer the same survey online. This two-part process ensures statistical accuracy by creating a control group. We hope every Scarsdale household will want to participate by filling out the online survey.

In addition to the surveys, there will be other opportunities for public input, including two public engagement sessions, one of which will be held at the Scarsdale Pool on June 03, and the other planned for the Scarsdale Music Festival on June 04. Of course, we also welcome written comments at any time – simply email manager@scarsdale.com and your correspondence will be reviewed and considered.
