June 30, 2022

### **Heathcote Bridge Single Lane Closure**

Effective Friday, July 01, there will be a single lane closure on Heathcote Bridge, eastbound approaching Five Corners. The right lane will experience a precautionary extended closure while Village staff continue to work with the New York State Department of Transportation to finalize plans and specifications for necessary bridge repairs.

One eastbound lane across the Heathcote Bridge will continue to be open, as will both sidewalks. The Scarsdale Police Department will monitor traffic throughout the closure and provide any traffic management presence found to be necessary.

Bridge safety is a high priority for the NYSDOT and the Village of Scarsdale. Precautionary measures, including the lane closure, are designed to ensure safe use of the structure pending completion of the necessary repairs.
