Keep Cool at the Pool – Special Daily Pricing for Residents

In recognition of oppressive heat and humidity affecting our region, the Parks, Recreation, and Conservation Department is now offering special daily pricing for residents at the Scarsdale Pool Complex.

This special daily pricing of \$15 per non-member resident is in effect when the “Feels like” temperature on [weatherbug.com](https://www.weatherbug.com) is 100°F or higher for Scarsdale. This special pricing is limited to Scarsdale residents **only**. State or Scarsdale School-issued ID must be provided at time of entry.

If you have any questions about this special pricing, contact the Department of Parks, Recreation, and Conservation at 914.722.1160.
